ALBERTA CLIPPER SEASON

It is normal to pass a cornfield, out of season, and be able to count geese by the hundreds as we were able to do on Thursday off Vaughan Hill Road in Rochester. The huge flock was dining on last season's harvest leftovers. Our visitors from the north seem to have found a new home in our newly established south. On the river it is good swimming for these hardy feathered creatures almost all the year round but Saturday, as above, the birds proved equal to the temperature of Canada from which they hail.

Signs Proposed for Funding

SCHOOL GROUNDS UNDER
SCHOOL COMMITTEE'S AUTHORITY
MATTAPOISETT SELECTMEN'S MEETING
JANUARY 21, 1992-by VIRGINIA MORGAN

John Haley of the Mattapoisett Youth Athletic Association (MYAA) was asked to attend the February 10th Mattapoisett School Committee meeting to present the MYAA's proposal to place advertising boards around the Old Hammondtown School ball field. "We have no control over the school grounds", Selectman Daniel O. Mahoney said, "this is under the control of the school committee."

Mr. Haley said the same proposal was made to the school committee last year, but was not pursued further. "I have spoken with School Superintendent Joan Walsh, who said she had no objection to the proposal. Selectmen Chairman John DeCosta pointed out that the superintendent has no control of the school grounds; this is a school committee's right.

The proposal is for 18 to 20 baked aluminum fixed signs. The MYAA will maintain the signs, Mr. Haley said. The space will be offered to businesses at a cost of $125. the first year, and $100. each of the following years. The funds will help pay to continue youth athletic programs where funding has been cut.

Selectman Mahoney commented "we realize your good work and your lack of funds. The fact is the Old Hammondtown School grounds are under the control of the school committee. Selectmen have charge of town-owned land except that which comes under other boards, such as the school committee." The school committee has to approve the project first, then the selectmen approve or disapprove

the zoning of the signs. "We have no problem with the zoning," Mr. Mahoney added.

(When contacted after the selectmen's meeting, School Committee Chairman Peter B. Hodges said Mr. Haley did approach the committee in March 1991 but no vote was taken and no conclusions reached. The proposal was presented in its preliminary stages. "We were concerned on how large the signs would be, who would be the advertisers and how would the signs be maintained. Last year we told Mr. Haley to continue with the proposal and to return with final details, but he did not return last year. He is welcome to return at our February 10th meeting to present the proposal again.")

AUTHORIZED AND INSTRUCTED on behalf of the town to execute and deliver a Land Management Agreement to the state Department of Wildlife and Environmental Enforcement regarding the auxiliary uses of the town-owned lot on Depot Street as trailer parking in conjunction with the public access boat ramp on the wharf.

Selectmen explained the area and its proximity was viewed last year with John Shepherd, chief engineer of the state Public Access Board. Mr. Shepherd said he felt the 20 spaces at Depot Street was clearly a

workable solution to the lack of trailer parking spaces at the wharf, and would cover the state's parking rules.

Mr. Mahoney noted the boat ramp at the wharf is in trouble. For one thing it is too short; it should be longer and it needs dredging. The Public Access Board is now ready to give us funds for the ramp facility, which includes the lot and ramp. The 20 spaces at Depot Street must be kept, Mr. Mahoney added.

DIRECTED Executive Secretary Carol Adams to check with town engineer Arthur Thompson and to get his legal opinion on whether Industrial Drive is a town accepted way.

A letter was received from David J. McIntire of Dennis Mahoney and Sons, Inc., informing the board the company is presently negotiating the sale of a parcel of land on the southerly side of Industrial Drive. "As part of the negotiation process, the prospective buyer needs assurance from the town that Industrial Drive is a town accepted way and fulfills town zoning requirements for street frontage. I am requesting a letter stating Industrial Drive is a town accepted way and that it can be extended and improved at the developer's expense."

Selectman Mahoney said, "I think it is considered an ancient way. If so, an ancient way doesn't need a vote of the town." The road is the former railroad bed and the old dump road.

RECOMMENDED TO Joyce and Louis DeSouza, owners of Little People's College on Tallman Street (off Route 6) that they obtain a letter from the owners of land where a sign is located granting them permission for the sign.

Mr. Mahoney said the sign is on private

Mrs. DeSouza said the former 10 inch by 14 inch sign was in place since 1984, then was destroyed in the recent hurricane. "We replaced it with a larger sign, 20 inches by 22 inches, and did not realize we needed permission to put up a larger sign. Selectmen agreed they had no problem with the sign, just that the land owner's permission must be obtained first and the company must apply for the sign.

Your Key to a Lower Cost Mortgage

The unique NBIS FAST-PAY Mortgage can help you build equity in your home faster, save you thousands of dollars in interest, and let you pay off your mortgage years sooner.

If you think that all mortgages are pretty much alike... you should really learn more about the unique FAST-PAY Mortgage from NBIS. With FAST-PAY you can save thousands of dollars in interest and help build equity in your home a lot faster, at virtually the same monthly cost!

Here's how. Instead of making one monthly payment 12 times a year, you make half your monthly payment every two weeks... or 26 times a year. That extra payment each year really adds up. It actually reduces the principal faster... saving you thousands of dollars in interest, not to mention years of mortgage payments.

A big advantage of FAST-PAY is that your mortgage payments are made automatically through your NBIS Now Account. This means you'll never have to remember to write your check every two weeks. NBIS does it for you... all you have to do is to maintain the balance in your account.

So... before you make a mortgage move, find out about the NBIS FAST-PAY Mortgage — it's your key to a lower mortgage cost.

Seahorse Eye Shines Once More!

The whimsical connotation of a seahorse is perhaps what instigated the movement afoot? Have you noticed the Seahorse's eye aglow in the evening? Do you know who mysteriously adorned her with a twenty foot necklace of Christmas laurel? "A magnificent seahorse created from shells declares a Mattapoisett Merry Christmas." (Presto Press January 1, 1992) and wins first place in the Lions' Club door decorating contest. Mattapoisett is recognizing the magic of the Seahorse.

has captured much attention this fall. The refurbishing of the Seahorse entirely through volunteer efforts was reported throughout southeastern Massachusetts. Johanna Duponte, the Land Trust President, was interviewed by Channel 6 News, and articles appeared in the Presto, Sentinel and Standard-Times.

Charles Henry Duponte, project coordinator, Paula Cobb and her partner, Bob Bacelli, painters, John Gibb, electrician, Mary Lou Manley and Mahoney's Building Supply all deserve this community's heartfelt thank you for their efforts. They recognized the magic of the Seahorse and returned her to her original splendor.

Now, in the darkness of a winter evening the Seahorse's shining eye once again beacons us home to Mattapoisett.

anything but ordinary. Yet, there have been those who have grown up right next to us, and have matured and developed in ways that we would never have expected. Sometimes, within our own households, we have resented the wisdom and determination that younger family members will display.

On Sunday we will look at the story of Jesus returning to Nazareth and reading in the synagogue. The response to him was a human one, as they remembered "Joseph and Mary's boy". Of course they did, and we would have also. As a matter of fact, if he showed up in the church today, in the form of a wise child from our town, I wonder how we would react? "Discounting the Familiar" will be the title of the sermon. All are welcome to join our worship service at the Mattapoisett Congregational Church which begins at 10:00 a.m.

an enthusiastic teacher recognizing how much enjoyment can be had by understanding more about the rugs we have inherited from our parents and which we walk on every day.

After graduating from West Point and serving in the Army for eleven years, Mr. Amatulli spent two years in Turkey as NATO's telecommunications officer where he fostered a keen interest in Oriental rugs. He developed a cottage industry of rug weaving and organized the largest movement of Turkish rugs into the United States market in the second half of the 20th century. He has given lectures, taught courses, written numerous articles and expanded academic as well as business in the Oriental Rug industry. He is the foremost expert on Turkish rugs.

The Marion Art Center is very grateful for this opportunity to offer what should prove to be an enlightening and entertaining afternoon for all. Mr. Amatulli will be showing slides and will discuss not only the history but also the technical aspects of creating the various types of carpets and weaving. He will discuss care and arrange appraisals. (Please contact the Marion Art Center before February 2nd if interested in the latter, 748-1266.)

Refreshments will be served after the talk. Bring your friends and your questions. Know your rug and learn to see ART in others.

STUDY EXPLORERS

The fourth grade students at Old Hammondtown School researched early and modern day explorers of the world. They read books, looked up facts, and filled in an outline. The outline detailed the early life, education, people who influenced them, goals or dreams, important decisions, defects, disappointments, sorrows, explorations, characteristics and effects the explorer's voyage had on other explorers. The students used these facts to write mini-autobiograph-

ies. They became the explorer and wrote the paper in the first person. The autobiography was an affadavit, which is a sworn statement of truth. The students will join the other fourth graders in the spring for a production of "To Tell the Truth". Using their affadavit they will answer questions from a panel of students about their life as an explorer.

The students drew beautiful maps tracing the route of the explorer.

All the children agreed that building the model of transportation for their explorer was the most fun.

Adopt-a-Program

Old Rochester Regional Junior High School Principal Robert C. Gardner is elated that two responses have occurred in response to requests to Adopt-A-Program, his plan to restore some of the forfeited extracurricular programs at the junior high. An anonymous donor adopted the Junior National Honor Society by donating $150, and an even more generous donation of $500. from Mrs. Kathleen Feeney and the Converse Co. Realty underwrote a major portion of the restitution of the CASH-IN, after school, academic extra help program. That greatly needed service for students who need additional assistance with organizational skills and homework will recommence at the beginning of the third quarter of the school year.

Now that these excellent precedents have been established, the support of other persons or companies or any source to help out with the restitution of the remaining programs will be eagerly anticiapted. Any of the programs listed below which do not have an asterisk before them are eligible and "dying" for adoption. Please understand that they are not prohibitively expensive. Most club advisors are reimbursed less than $200. for their efforts, so you could Adopt-A-Program

"ANSWER THE NEED"
OVERWHELMING SUCCESS

Plymouth Savings Bank's "Answer the Need" food collection program was an overwhelming success. In 1991 we collected over 115 large barrels of food in the lobbies of each of the 14 Plymouth Savings Bank offices. That amount is more than double the amount collected in 1990. Because of the heavy demand for food which goes beyond the holiday season, the food collection is still going on in our Sandwich and Kingston offices.

Plymouth Savings Bank would like to thank all who participated in this year's "Answer the Need" food collection program. With the generous help of customers, town residents and employees, Plymouth Savings Bank was able to supply food in the Mattapoisett area to the St. Anthony's Food Drive.

Zeiterion's Classic Films

"Safety Last" (1924), one of Lloyd's classic comedies, features the famous scene where he dangles precariously from the arms of a clock ten stories off the ground to impress his boss and girlfriend in a grand publicity stunt for the department store where he works.

Harold Lloyd, a master comedian, may

have followed in Charlie Chaplin's footsteps, but in the golden decade of comedy, he made 11 features against Chaplin's 3. Lloyd was obsessed with what he called "character comedy" where he used the full-length feature film to show the character development of the comic actor. He was an outstanding actor - his facial expressions were so subtle that you sometimes throught that, like Buster Keaton, they never changed. And yet they could convulse you all by themselves - as when he accidentally consumed a perfume-soaked powder puff in mistake for a bun in "For Heaven's Sake" (1926).

Despite his dedication to the craft of acting, he was continually labeled as a stunt comedian. Lloyd was partly to blame because he refused to reissue his films during his lifetime, and only towards the end of his life did he release a couple of compilations.

Lee Erwin of New York is known by millions of Americans as a featured organist on both radio and television for more than 30 years. He was the chief organist for the famous "Moon River" radio program on Cincinnati's WLW radio, and later became organist, composer and arranger for the various Arthur Godfrey shows. He has composed new scores for many of Hollywood's silent movie masterpieces, giving them new life on theatre organs in movie palaces across the nation.

The classic Film Series will continue on March 8th with Rudolph Valentino in "The Eagle", followed by "The Navigator" starring Buster Keaton on April 12th; and concluding with F. W. Murnau's "Nosferatu" on May 17th.

Tickets for the classic films are $5.00 each

Bobby McFerrin & Voicestra

AT ZEITERION THEATRE FEBRUARY 11

Nine-time Grammy winner BOBBY McFERRIN will perform with VOICESTRA at New Bedford's Zeiterion Theatre on Tuesday, February 11th, at 8:00 p.m. The Los Angeles Times wrote, "In his Voicestra, Bobby McFerrin has himself another prize...the group redefines the word versatile...they sang with splendid intonation and handled difficult harmonies with panache and won over the audience."

A musical "renaissance man", McFerrin's explorations into the worlds of popular and classical music have brought him notoriety that crosses cultures, generations and tastes. His ascent to the top of the pop charts began just over three years ago when his #1 single "Don't Worry Be Happy" went platinum and McFerrin walked away with three Grammy Awards, "Best Record", "Best Song" and "Pop Vocalist of the Year". In 1990 he created his acclaimed 10-member

for about seven years. Currently it is a ten-member group of singers from classical, jazz and theatre backgrounds based in San Francisco, who have come together to explore the dynamics of vocal ensemble performance. The spirit behind Voicestra is to produce new repertoire for vocal ensembles and eventually to commission other composers. The group encompasses all kinds of material from exploring world musics, African chants and Indian ragas to storytelling, new songs based on the alphabet and contemporary vocal compositions."

Most recently, McFerrin has focused on classical music. An appearance at Tanglewood in honor of the late Leonard Bernstein's 70th birthday in 1988 led to a friendship with master cellist Yo-Yo Ma, which has now resulted in "Hush", an intriguing collaboration solely featuring the two artists on five new McFerrin compositions as well as classical pieces by the likes of J.S. Bach, Rachmaninoff and Rimsky-Korsakoff. Meanwhile, McFerrin has also teamed with legendary jazz pianist Chick Corea in "Play", an album of ebullient jazz standards and original collaborations, While the collaboration with Chick Corea and the work of Yo-Yo Ma represent two totally different styles, versatility is nothing new to McFerrin. "I absolutely love the chance to work with two leading virtuosos in their respective fields", he said.

You can make it happen by participating in our Adopt-a-Grandparent Program at the Mattapoisett Nursing Home. Schools, churches and youth groups, please feel free to call 758-2512, ask for Linda Borges, Activity Director.

A grandchild's point of view: "Grandparents have warm laps and arms made especially for squeezing small children."

ACTIVITIES WISH LIST

What is a wish list you ask? It is a list of things we could use in activities. If you happen to have any of the items at home lying around that you don't use any more, we could put it to use: plant clippings, (for our garden club), old Christmas cards, old record player, popcorn popper; and volunteers (for one hour a week).

known for their trees and plants groomed and trimmed to grow in spirals or globes or pyramic shapes. More recently, the word topiary conjurs up images of the standard tree rose or rosemary and myrtles trained in the double or triple tiered pompom shape.

Now you can design and create your own dried topiary of statice and flowers trimmed with ribbons and lace. You will take home a beautiful accent piece that will last for years.

Register for the Topiary Workshop by calling the Wareham Recreation Department at 291-3186. Adults or adult/child teams are invited to participate.

A Look at Whale Strandings

The Massachusetts Audubon Society's Ashumet Holly and Wildlife Sanctuary in East Falmouth will hold an evening program on Tuesday, February 4th, at 7:30 p.m. Robert Prescott, Director of Mass. Audubon Society's Wellfleet Bay Sanctuary, will present a look at whale strandings on the Cape. Since the late 70s Bob has been actively involved in work with stranded whales on Cape Cod, and he has done post mortem examinations on over 300 whales to study the phenomenon. He will discuss the theories about why whales strand and the methods being developed to assist stranded whales. Both single and mass strandings will be considered. The program will include a showing of a videotape made during the mass stranding of pilot whales this past September in Wellfleet in which 27 whales were successfully rescued.

Fees for the program will be $4. for adults, $3. to Mass. Audubon members. Pre-registration is required.

For more information and to register please call Mass Audubon at 563-6390.

From Old Colony

APPRENTICESHIP TRAINING PROGRAMS

Warren Turner of the Massachusetts Department of Labor and Industries, addressed a gathering of seniors at Old Colony Regional Vocational-Technical High School recently. He discussed the availability and advantages of apprenticeship training programs in industry.

Noting that apprenticeships can be sponsored by both union and open shops, Mr. Turner stressed that upcoming community projects such as the Old Colony Rail line extension and the proposed sewage treatment facility in New Bedford could significantly increase these training opportunities.

Mr. Turner indicated that his department at the D.L.T., the Division of Apprentice Training, is available to assist companies nat might be interested in the program.

HANDS-ON WORK EXPERIENCE

For the fourth year area businesses and the classroom have developed a partnership at Old Colony Regional Vocational-Technical High School in Rochester. Junior Achievement of New Bedford and teacher A. Michael Sirrico's Applied Business and Economics classes are working together to allow students to participate in a hands-on work experience.

The program, leading to the design and sales of a product, allows the students to form a corporation, sell shares of stock to fund its activities and operate the business.

Following promotion and sales, student members and other stockholders share in the profits earned.

Four community-oriented companies are supplying the know-how so that Old Colony seniors can learn how to form, manage and operate a business.

In one segment, sponsored by Commonwealth Electric Company, students are offering key chains with lights. Ms. Suzanne Farrington of ComElectric serves as consultant.

Mr. Ross Upton of Citizens Bank heads up a second project. His group is selling tie-dye T-shirts and boxer shorts.

Beverage coolers and plastic bottles are the projects sponsored by IDS Financial Company. Mr. William O'Connell represents IDS in this undertaking.

Mr. Gene LaBonte of Teledyne Rodney Metals acts as consultant for a final group which is selling glass mugs.

FIELD TRIP TO FORT DEVENS

Fort Devens in Ayer was the destination for a recent field trip for students and staff in the Automotive Department at Old Colony Regional Vocational-Technical High School.

Instructors Donald Mosher, Donald Souza and Peter TenEych accompanied students in grades 9 through 12 on a tour of the Heavy Equipment Repair Department at the base. They also viewed a film depicting the latest technology used by the Tank Division.

Several of the tanks and assault vehicles viewed were recently returned from operations in the Gulf War.

The highlight of the day was a visit to a single garage of seven and one half acres in size where all facets of military automotive repair is carried out.

The field trip was arranged through the National Guard recruiting office on Cape Cod. A follow-up presentation on job op-

Water, water everywhere.

Except here.

On an earth that's 70% water, it's nice to know River Boots are 100% waterproof. Unlike traditional rubber bottom boots, their uppers are permanently bonded (not stitched) to the rubber outsoles, and they feature a moisture-wick comfort lining to keep your feet dry and comfortable.

Lace or pull-on, as shown ...

Riverboots in styles for men and women.

They pick up where roads leave off.

Where other boots reach the end of their road, Lightweight Hikers keep right on going. Thanks to their Suede/Nylon uppers, full rubber mudguards, and removable, double-density EVA innersoles. Lightweight. Comfortable. Durable. Every hiker should pick up a pair. These for women, but we have Lightweight hikers for men, too.
